

1. What are Cookies

CMS uses "cookies" to obtain information. A cookie is a small data file that is transferred to your device (e.g., your phone or your computer) for record-keeping purposes. For example, a cookie could allow the website to recognise your browser, while another could store your preferences and other information.

Your browser may allow you to set how it handles cookies, such as declining all cookies or prompting you to decide whether to accept each cookie. But please note that some parts of our site may not work as intended or may not work at all without cookies.

CMS gives you the option to Opt into any cookies that are not necessary to function this site.

2. CMS and third-party Cookies

CMS may place our cookies on your device via the website. Our Privacy Policy will therefore apply to our treatment of the information we obtain via our cookies. We may also allow our business partners to place cookies on your device. For example, we use Google Analytics for web analytics, and so Google may also set cookies on your device. As further explained below, third parties may also place cookies on your device for advertising purposes.

There are two types of cookies used on the Portal, namely "persistent cookies" and "session cookies". Session cookies will normally expire when you close your browser, while persistent cookies will remain on your device after you close your browser and can be used again the next time you access the website.

3. Uses for CMS Cookies

CMS uses cookies for a number of purposes, such as the following:

- to enable, facilitate and streamline the functioning of the site across different webpages and browser sessions.
- to simplify your access to and use of the site and make it more seamless.
- to monitor and analyse the performance, operation and effectiveness of the site, so that we can improve and optimise it.

4. Disabling Cookies

You have the option to opt into cookies that are not necessary to the running of this website. Most browsers automatically accept cookies, but you can modify your browser settings to decline cookies by visiting the Help portion of your browser's toolbar. If you choose to decline cookies, please note that you may not be able to sign in, customise, or use some of the interactive features of the website.

5. Changes to this Cookie Policy

We can change this Cookie Policy at any time. If we make material changes to the Cookie Policy, we will let you know either by posting the changed Cookie Policy on the site or by sending you an email.
